LOTS OF LONG ONES — A dachshund with the Irish-sounding name of Patsy has about all she can handle in feeding her four ones. It took Patsy just 40 hours to give birth to the litter Wednesday. Dog experts will tell you that's fast work. And in this case, Patsy had a good reason for being so fast. Observing them at dinner is Ellen Wilkerson. NEA Telephone

China Implies Release Was to Relax Tension

WASHINGTON (AP) — President Eisenhower today said that China has implied that it released four imprisoned American airmen as a result of interference by the United States in the Korean peninsula.

Dr. Brooker, president of the Arkansas Medical Society, said the release of the airmen was a "relaxing" move by the Chinese government.

At the same time, Dr. Brooker said, the Chinese government is "relaxing" its policy of non-interference in the Korean peninsula.

public schools on a racial basis, discriminatory basis with all the liberal money to liberate these cases. . . Mr. Warren noted that the Delaware Supreme Court already had admitted Negro parties immediately to non-segregated schools. He said therefore the U. S. Supreme Court will merely affirm the state court's order.

The court declared invalid all federal, state and local laws that require or permit racial discrimination in schools.

It said all such laws "must yield" to the principle established in the court's historic decision ending segregation May 17, 1954.

The court's decision eventually will affect more than 10,000,000 white and 2,500,000 Negro children attending public schools in 21 states where segregation either is mandatory or permitted. The five school districts involved in the original segregation cases were in Delaware, Kansas, Virginia, South Carolina and the District of Columbia.

Kansas and Delaware, both border states, and the District of Columbia already have substantially carried out the integration of races in their schools.

But Virginia and South Carolina, like other Southern states, have been sitting tight, waiting for the court to spell out the mechanics. States and school districts not immediately affected by today's order will have to take steps to comply or eventually face federal court orders to obey the high court's ruling.

(Man! what Variable Pitch Propellers do for Dynaflo Drive!)

In a land vehicle, there's never been anything like the magic a pilot gets with his variable pitch propellers. He can angle the blades of his propellers for performance as he heads his plane down a runway — to get quick take-off and climb. He can switch the angle of those propellers for economy aloft — to get more mileage from the fuel in his tanks. As we said — there's never been anything like that in a land vehicle. But there is now. It's in a Buick with Variable Pitch Dynaflo — and you can take the word of thousands of excited owners of new Buicks that it's the closest thing to wheeled flight. . .

working 97 hours a week, and still attending school. An honor student had borrowed money to buy a farm for his father. . . A girl was paying all her expenses in school by holding three outside jobs at the same time. . . A boy, 15-16, was working in a high school, still managed to contribute 10 per cent of his earnings to the church he attended. . . The \$400 prize winner in Middle Tennessee this year, Willie Napoleon Clements, a Negro youth, worked 52 hours a week at three jobs. He delivered newspapers, worked in a wholesale produce house and cleaned in a grocery store. Yet he also played on the high school football and track teams, took part in school plays, was active in this church, and was elected to the board of directors.

Aftermath sent the Stock Market down today in the early afternoon. Aircraft were off 1 to around 3 points frequently. Losses in the rest of the market seldom passed a point. At the same time, many divisions had no minor gains, in a few instances better than a point.

NEW YORK COTTON

NEW YORK (U) — Cotton futures were lower today on liquidation and some hedging. Most of the activity centered on nearby July. Spot firms sold July partly against purchases of that deliver at New Orleans and there was further switching from the spot market to deferred positions. . . Late afternoon prices were 5 to 4 cents a bale lower than the previous close. July 25-28, October 34.10 and December 34.15.

POULTRY AND PRODUCE

CHICAGO (U) — Live poultry steady on young stock and hens, weak on caponettes. Receipts in coops 1,000 Friday 245 coops, 30,230 lb. f.o.b. paying prices unchanged to 2 lower; heavy hens 22.5-28; light hens 16.5-17; broilers or fryers 30-32; old rosters 12-15; caponettes 28.5.

GRAIN AND PROVISIONS

CHICAGO (U) — Grains had an easier trend most of the day on the Board of Trade today but managed to reduce their earlier losses by the close. . . Fairly heavy receipts of cash grain and additional moisture over much of the grain growing territory over the weekend caused a little selling. . . Rye firmed. This grain has acted better than others for the past several weeks. . . July soybeans also were ahead most of the day, largely on short covering. . . Soybean oil: 12- soybean meal (\$1.00-1.50).

public schools on a racial discrimination basis with all deliberate speed. . . Mr. Warren noted that the Delaware Supreme Court already had admitted Negro parties immediately to non-segregated schools. He said therefore the U. S. Supreme Court will merely affirm the state court's order. . . The court declared invalid all federal, state and local laws that require or permit racial discrimination in schools. . . It said all such laws "must yield" to the principle established in the court's historic decision ending segregation May 17, 1954. . . The court's decision eventually will affect more than 10,000,000 white and 2,500,000 Negro children attending public schools in 21 states where segregation either is mandatory or permitted. . . The five school districts involved in the original segregation cases were in Delaware, Kansas, Virginia, South Carolina and the District of Columbia.

Sharp increases in low U. S. income during World War II brought a considerable increase in the consumption of human food. . . But Virginia and South Carolina, like other Southern states, have been sitting tight, waiting for the court to spell out the mechanics. . . States and school districts not immediately affected by today's order will have to take steps to comply or eventually face federal court orders to obey the high court's ruling.

There were 1,728 U. S. deaths caused by fires between 1954 and 1955 of which 1,133 came in the first half of the period and only 595 in the second half.

Foresters estimate the timber harvest in the United States takes place in the South. . . Mrs. E. White, Junior Clubs, Mrs. Garrett Story, Mrs. B. C. (Man! what Variable Pitch Propellers do for Dynaflo Drive!)

In a land vehicle, there's never been anything like the magic a pilot gets with his variable pitch propellers. He can angle the blades of his propellers for performance as he heads his plane down a runway — to get quick take-off and climb. He can switch the angle of those propellers for economy aloft — to get more mileage from the fuel in his tanks. As we said — there's never been anything like that in a land vehicle. But there is now. It's in a Buick with Variable Pitch Dynaflo — and you can take the word of thousands of excited owners of new Buicks that it's the closest thing to wheeled flight. . . Because you can switch the pitch of those propeller blades from high-economy angle that gives you top gas mileage in cruising — to high-performance angle that gives you action plus. . . And because, when you call for that action by pressing the gas pedal way down — you get it split-second quick and silky smooth — an instantaneous power response for getaways, or for a sudden safety-surge of acceleration when needed. It's a solid, soaring, pulse-quickening thrill — unlike anything you ever felt before — and robustly bolstered by walloping new horsepower raised to record might. It's something you definitely ought to try — just to know what's really new in automobiles — and to see for yourself why Buick sales are zooming to an all-time best seller high. Drop in today or tomorrow and we'll gladly arrange matters — show you, too, the prices that are keeping Buick in the tight circle of America's top sellers. *Dynaflo Drive is standard on Roadmaster, optional on extra cost on other Series.

Thrill of the year is Buick

Plain Dealing Here Wednesday Night
Plain Dealing, Louisiana's best-
known night club, will play here Wed-
nesday night instead of Friday as ori-
ginally announced. The regular show
will start at 8 o'clock in Legion field.

Bierne Loses to Legion Team 5-1
The Hope Legionnaires kept their
winning streak going as they downed
the Bierne nine 5-1 last night in
Legion Park. This was Hope's third
straight victory.

After four scoreless innings, the
Legionnaires put together singles by
Don Butler, Johnston, Filgomeno,
and Busley to produce 5 runs.

Hope got the rest of their runs
in the seventh on a base on balls,
son and back to back singles by John-
son and Filgomeno.

Bierne picked up their single late
in the ninth on a single by Webb
and a double by Filgomeno, combined
with a wild pitch.

Joe Busley, the winning run-
ner, gave up 1 run on 8 hits, walk-
ing 3 and fanned 11. Bratton, who
was charged with the loss, gave up
1 run on 7 hits, struck out 4 and
walked 11. Bryant, relief in seven-
th, gave up no runs, 3 hits, and fan-
ned 1.

Bob Sweikert Winner at Indianapolis
By DALE BURGESS
INDIANAPOLIS, Ind. — Curly-
haired, boyish Bob Sweikert, of
Indianapolis, will pick up check
of about \$75,000 at the 500-mile
race today when he wins the
Indianapolis 500. Sweikert, 25,
and somebody will accept at least
\$75,000 for Bill Vukovich's widow.
Vukovich, an intense little Stev-
nian mechanic from Fresno, Calif.,
was driving in his fourth straight
Memorial Day race when he died in
a flaming wreck that took five
cars out of the race yesterday.
He won 39 of the first 50 laps
before he died, at \$130 a lap.
There were seven casualties in
the bloodiest Memorial Day race
since 1930. Seven cars smashed up
in a single accident. The wrecks
brought the winning speed down to
128.200 miles an hour, compared
with Vukovich's record 139.4 mile
last year.
Sweikert had escaped injury late in
the 1953 race when his steering
failed and Troy Ruttman came on
to win. He won in 1953 and 1954,
and was going after the first-
three-in-a-row series in the Speed
way's history.
Wall, Franklin, of Long Beach,
Calif., long-time competitor against
Vukovich, unknowingly protagonized
his memorial before the race.
